Services Offered	Te Pukenga is committed to providing quality, innovative education that meets the needs of our people, our communities, our region. The aim is to create a strong, unified, sustainable system for all vocational education that delivers the skills that learners, employers and communities need to thrive. We will be offering and creating a network of online, on-campus and on the job learning system for Aotearoa that has our learners at the centre. This would give our learners more flexibility in what, where and how they learn. We also offer a wide range of workplace or industry-only courses which have been specifically developed to upskill people who are already working.
